

YEAR 6 GEOGRAPHY
NATIONAL PARKS

Today's Activity:

- Research the Brecon Beacons, an important National Park in South Wales. **You will need to create an advert for the Brecon Beacons to tell everyone what amazing activities they can do and sights that they can see if they visited the national park.**
- You could create a video advertisement that you might see on TV or on Youtube. It could be a poster advert that you might see in a magazine or on a billboard. You might want to write a script that could be read out on the radio. The choice is yours 😊
- Aim your advert at someone who lives in the city and hasn't been able to enjoy the 'great outdoors' during lockdown

Here are some links to help you get going...

A few tips to help with the structure of your video/advert

Introduction:

e.g. "Are you tired of being stuck in your house? Are you missing being able to breath the fresh country air? Are you looking for your next adventure? Well... "

Main Advert (Points to discuss):

- **'Must do' outdoor activities** to appreciate the grandeur and beauty of the National Park e.g. a walk, bicycle ride, kayaking or rock climbing – must include actual places, routes etc.
- **'Must do' activities to appreciate the cultural heritage** and importance of the National Park e.g. visiting a medieval abbey, travelling by barge along a canal built during the Industrial Revolution or attending an event particular to the National Park such as a fair, play or dance.

Closing statement:

e.g. "Pack your bags and get yourself ready. Adventure is out there... waiting for you!"
